PRODUCT DESCRIPTION

Designer: Sergio Prandina

Segesta Pendant Light by Prandina

Designed in 2017 by the brand's founder Sergio Prandina, the Segesta pendant is a beautifully elegant light that is timeless and chic. The shade is made from blown glass which is contrasted by a lovely metal fitting. The lampshade has smooth lines with a silhouette that is lasting and stylish.

The Segesta pendant light is available with either an opal white or glossy black finish with a brass or copper fitting. The pendant emits a downward light that is warm and soft, perfect for hanging over tables. This pendant light is also available in 2 sizes, the smaller S3 and the bigger S5, allowing you to find the right fit for your space. You can buy several of the same size and colour to line your room or buy a mix and match to create a varied cluster. Perfect for homes and professional spaces, this light will not disappoint in any room.
