PRODUCT DESCRIPTION

Designer: Studio Khamai

Tulipa Pendant Light by Prandina

A new release from Prandina, the Tulipa pendant light was designed by Studio Khamai. As the name suggests the design is inspired by the tulip flower, with the shade constructed from two layers. The outer layer opens up and has slits to resemble petals, revealing a contrasting inside that is luxurious and elegant. The outer shade comes in either matt white or matt black finish with 4 different colours to choose from that make the inner structure.

The Tulipa pendant emits a downward directed light, working perfectly as a suspended spotlight for a wide variety of settings. The size of the pendant means you can buy several to put in a row or series and you can also mix and match finishes to create a beautiful cluster or light feature. Perfect for domestic and commercial interiors, the beauty and elegance of this pendant light will not disappoint.
