PRODUCT DESCRIPTION

Designer: Thomas Bernstrand

City Globe Wall Light by Zero

One of Zero's classics, the City Globe collection now has another addition to the family. Instantly recognisable as one of Zero's, the City Globe stands out for its generously sized outer shade and coloured glass inner shade. With an IP65 rating, the wall light is suitable for any exterior setting; either on each side of the main entrance, the exterior walls, garden and is suitable for both residential and commercial projects.

The City Globe wall light has a metal body, in black (RAL 9005) or grey (RAL 7006) finish and the an integrated LED source. The light is diffused via two shades; an outer, grey polycarbonate and an inner and smaller glass shade. The inner shade is available with an open and opal glass shade or if you prefer a crackled effect, the shade is available in a grey, cognac or red glass.

This version of the light is non dimmable, but the City Globe Exterior wall light can be DALI dimmable. For more information and pricing, please [contact us](#).
