PRODUCT DESCRIPTION

Designer: Manuel Vivian

Skin Suspension by Axolight

A unique design, by the renowned designer Manuel Vivian, the Skin suspension lights are available in three sizes to choose from. The sizes start with a 70 cm diameter, then 100 cm and finally a stunning large suspension with 160 cm diameter. The diffuser, available in numerous colours ranging from white, matt black, ivory white and brown is made of **flame-retardant eco-leather**. You may further choose the diffuser colour, between a white or warm white colour while the ceiling canopy comes in a white finish. Suitable for any interior, the Skin lights can be installed in both low and high ceiling spaces either as a standalone or with other Skin suspensions.

The Skin lights take a retrofit E27 lamp, but the medium Skin 100 and large Skin 160 are also available with an integrated LED source. Please [contact us](#) for more information and pricing.
