The Bell collection has become one of Axolight's historical and classic pieces. A multidimensional design, by Manuel Vivian; an expert in artisan production processes. The Bell is made of steel frame, with a light covering of ponge fabric. The suspension is available in 3 sizes here, of 45 cm, 60 cm or 90 cm diameter but there are also two more larger sizes, 118 cm and 180 cm. Please contact us for further information and pricing.

The Bell lights are available in 5 vibrant colour options, including white, black, gold yellow, red and warm white. A light that is awe inspiring, bound to draw the viewers eye. The Bell can be installed in both residential and commercial environments, especially the smaller sizes are perfect for your home or office, while the larger pieces might be best suited for larger and high ceiling spaces in businesses and hospitality.

The Bell Collection also includes the [Bell ceiling light](#), available in the same colour options and four sizes, 60, 90, 118 and 180 cm diameter.
