PRODUCT DESCRIPTION

Designer: Serge & Robert Cornelissen

Lik by Axolight

With a modern and soft design, the Lik wall light was designed by Serge and Robert Cornelissen for Axolight. The curved body of the wall light adds to its stylish design. The integrated light source hides in the back of the light, as such emits a warm light that spreads and reflects from the wall. Lik is dimmable, via trailing edge, allowing you to adjust the brightness depending on use. Available in three colours: wrinkled white, matt nickel or matt bronze.
