Caleo 2 Pendant Light by Le Klint

The Caleo 2 pendant is part of the [Le Klint Caleo collection](#), a range characterised by a paper shade and a gorgeous cross-pleat pattern which is available in either bronze or white. Staying true to the aesthetic of Le Klint, designer Rikke Frost has created a pendant that is an instant contemporary classic, suitable for many settings.

The Caleo 2 pendant light completely conceals the light source, producing a diffused, soft glow that will fill the room nicely, creating a comfortable atmosphere. The pendant light can be used in many spaces, both big and small and works particularly well when hung over a table. Use alone, in multiple or alongside other lights from the Caleo collection to create a wondrous light feature.
