## PRODUCT DESCRIPTION

**Designer:** Matteo Thun**Tubino Pendant by Panzeri**

Inspired by the ancient method of creating fire from a stick, which becomes a torch, Matteo Thun designed the Tubino for Panzeri. Thun faced the challenge of designing a light with simplicity and durability as a priority. Tubino pendant is a modern luminaire, emitting both direct and indirect light from the head of the light. The pendant is available in five sleek colour options, champagne, titanium, bronze, black or white. The 2.9m long cable is transparent while a metal ceiling canopy is available in a matching colour to the pendant. You may install a single Tubino pendant or choose to create a cluster of multiple pendants, or in a linear arrangement. Whether above a kitchen counter or the front desk of your company, Tubino is suitable for both private and public interior spaces.

The [Tubino Collection](#) further includes a floor lamp, a table lamp and a ceiling/wall light all available in the same colour options to match any interior decor.
