PRODUCT DESCRIPTION

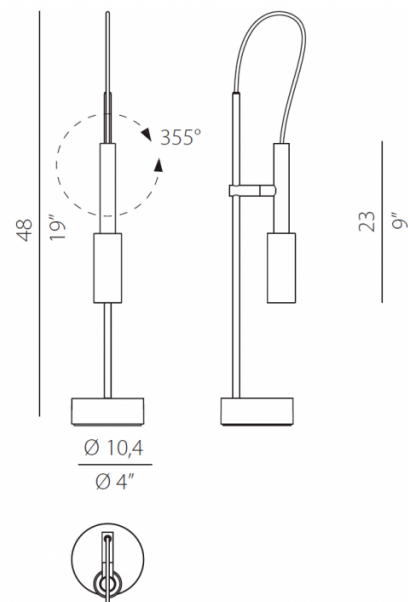

Designer: Matteo Thun

Tubino Table Lamp by Panzeri

Tubino is a torch collection, as designer Matteo Thun was inspired by the most primitive device for light, a sliver of wood, a stick with a sparking fire. This Panzeri light has a swivel torch, or spotlight that can rotate up to 355°, allowing you to direct the light in any direction you need, depending on the task at hand. A desk light for your home or office, the Tubino table lamp is a sleek and streamline device for both private and commercial interior spaces. The lamp is available in two neutral colours, matt black or white, making is easy to match any decor. With a metal body and polycarbonate diffuser, the lamp has a 1.4m cable with an integrated on/off switch on the lamp's base, while the lamp also benefits from an integrated LED light source.

Browse through the [Tubino Collection](#) which includes a pendant and ceiling/wall lamp in five colours, and a floor lamp in matt black or white finish.
