PRODUCT DESCRIPTION

Designer: Matteo Thun

Tubino Ceiling/Wall Light by Panzeri

The Tubino lights were designed by Matteo Thun, who was inspired by the torch; the most primitive lighting design, a wooden stick with sparking fire. The torch was designed and adapted to offer durability and simplicity, abiding to the modern methods of illumination. As a ceiling and wall light, Tubino can be installed in any interior, in the hallway walls or ceiling, by the bedside or next to your favourite spot in the living room. You can rotate the torch by up to 355° or tilt up to 90°, easily adjusting the light to your desired direction. Tubino is available in five modern and sleek colour options, white, matt black, champagne, titanium and bronze; a guarantee that the light can match any interior decor. Tubino wall and ceiling light is available in two versions, with a standard wall bracket or a recessed canopy.

The [Tubino Collection](#) further includes a pendant light in the same colour options, and a floor and table lamp available in matt black or white finish.

PRODUCT SPECIFICATION

Light Source: Standard

Depth: 15cm depth

Height: 23cm

Recessed

Depth: 11.3cm

Height: 23cm

Recessed Depth: 6.5cm

Recessed Surface: Ø9cm
