PRODUCT DESCRIPTION

Designer: Matteo Thun

Venexia Wall Light by Panzeri

Matteo Thun designed the Venexia lights as a tribute to Venice, for the Italian brand, Panzeri. Thun played with shapes, and combined vertical, linear and circular styles to interpret the Venetian atmosphere. With a mushroom-shaped body, the wall light is ideal for home entrances, balconies, restaurants and any private or public exterior space. Venexia wall light is rated IP65, suitable for exterior use, and is available in three colours to choose from: corten, matt brass or micaceous grey. The light is non dimmable, but benefits from a high efficiency integrated LED source emitting a direct and diffused light.

You may compliment your Venexia light with another one from the [collection](#), which also includes a bollard floor lamp, available in three heights, and a pendant light; both suitable for outdoor installation.

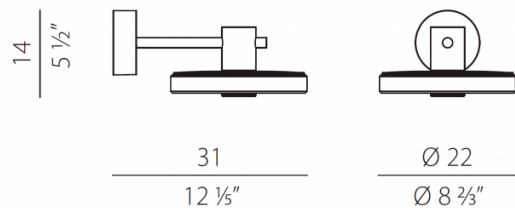

PRODUCT SPECIFICATION

Light Source: 8W, 27000K, 594 Lumens

IP Code: 65

Dimming: Non dimmable.

Dimensions: Ø22cm
Depth: 31cm
Height: 14cm
