PRODUCT DESCRIPTION

Designer: Matteo Thun

Venexia Pendant by Panzeri

As a tribute to Venice, Italian designer and architect Matteo Thun, designed the Venexia light collection for Panzeri. The pendant light combines vertical and circular shapes, which was Thun's idea in order to recreate the Venetian atmosphere. With an integrated LED light source, the pendant emits a diffused light and its IP65 rating means you may install in both indoor and outdoor settings. You may choose between three finish options, corten, micaceous grey or matt brass. Hang the Venexia pendant above a dinning table, your patio or balcony; it is the ideal option for outdoor lighting in both private and public settings.

The [Venexia collection](#) also includes a bollard outdoor floor lamp, available in three heights, and a wall light
