Tripod HM8 Floor Lamp by &Tradition

The &Tradition Tripod HM8 Floor Lamp was designed in 1953 by Hvidt & Mølgaard. The lamp is defined by its simplistic and modernist nature, having a sleek lampshade and slender structure which rounds off at the bottom. The floor light is both an inviting and stylish piece, looking wonderful in many settings. In 2024, the Tripod Floor Lamp saw an evolution, for easy articulation and more precise light, a swivel joint has been developed – a feature now seen across the entire range that allows you to direct the illumination.

The Tripod HM8 floor light is available in a sleek black or white matte finish, and emits a soft yet effective light, making it perfect as both a reading and an ambient lighting solution. Use in bedrooms, lounges, dining areas and more, whether in the home or in the office. Add a touch of class and elegance to your interior.
