PRODUCT DESCRIPTION

Designer: Hans-Agne Jakobsson

Fringe Pendant Light by Warm Nordic

The Fringe pendant light was designed by Hans-Agne Jakobsson in 1960, being an iconic piece that harks back to past eras. The pendant is made using brass-plated steel which holds a beautiful fringe that conceals the light source. The fringe hangs down in a graceful and delicate way, being an appealing and unique look that will add a classic touch to any interior.

The Fringe pendant light can be used in homes and commercial spaces and will work in any design scheme, whether you have vintage decor or a contemporary setting. The pendant light is available in 2 sizes, you can create variety or use one alone for a simpler effect. A spectacular and timeless piece that will draw the eye in any room.

Please note this pendant lamp can only be fitted with an LED retrofit lightbulb.
