PRODUCT DESCRIPTION

Designer: Alberto Saggia & Valerio Sommella

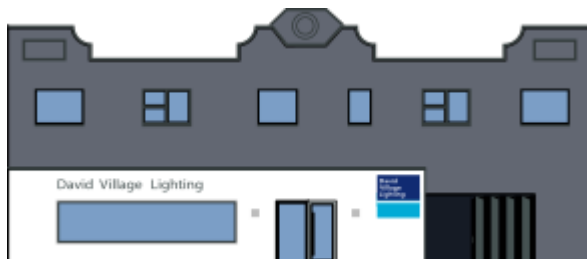

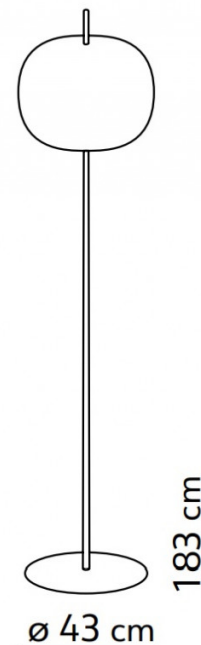

Kushi XL Floor Lamp by KDLN

A part of the [KDLN Kushi collection](#), the range was designed by Alberto Saggia and Valerio Sommella. The Kushi XL floor lamp was added to the collection in 2019 and is characterised by a contrast in ideas and design. A cold and rigid metal pole contrasts with a soft, rounded glass lampshade, being a stark and dynamic aesthetic combination.

The Kushi XL floor light has an opal white shade which pairs with a metal structure that is available in 3 colour finishes, black, brass or copper. The floor lamp can be used in many settings but will particularly thrive in lounges and bedrooms because of the soft, diffused glow it provides. The floor light also comes with a dimmer switch so you can create the right atmosphere in your interior.
