PRODUCT DESCRIPTION

Petite Friture Unseen LED Wall Light

The Unseen Wall Light was designed by Studio Pepe in collaboration with Petite Friture for an exciting 2020 release. Inspired by maintaining the idea that light is pure, the designers have created a wall lamp that resembles neon lighting, being a pure band of light that is achieved from LED technology.

The Unseen Wall Lamp boasts a circular form, creating an encompassing glow that will light small spaces alone or bigger spaces when used in multiple. The minimalist design and simple structure add to the raw craftsmanship and aesthetic, being a universal wall light that can be used in virtually any setting. Use in homes or professional spaces to add a touch of modernity and chic style to the interior.
