PRODUCT DESCRIPTION

Designer: Bill Curry

Stemplite Floor Lamp by Gubi

The Stemplite floor lamp was first developed and released in 1962 by Bill Curry and is now reissued as part of the [Stemplite collection](#) by Gubi. Curry was inspired by his own background in aerospace, wanting to produce a light that embodied the style and look of the space age whilst creating a lamp that is made from one seamless piece. The gorgeous frosted glass lampshade resembles the shapes and silhouettes of spatial entities.

The Stemplite floor light produces a warm illumination that is diffused and soft, perfect for creating a comfortable atmosphere in any interior. The floor lamp is available in 2 different heights and in 3 colours, black chrome, black red and pebble grey, which are contemporary finishes that still pay homage to the vintage design. Do not miss out on this iconic piece of lighting history that was so renowned at the time that it even featured on the set of the original Star Trek TV show!

PRODUCT SPECIFICATION

Light Source: 1 x max 75W E27 (excluded)

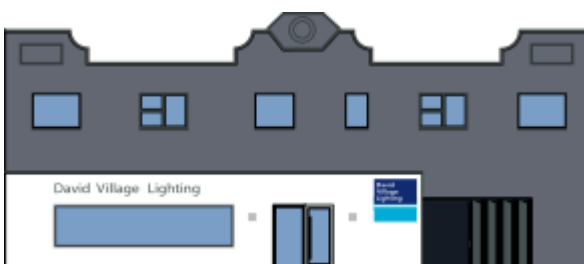

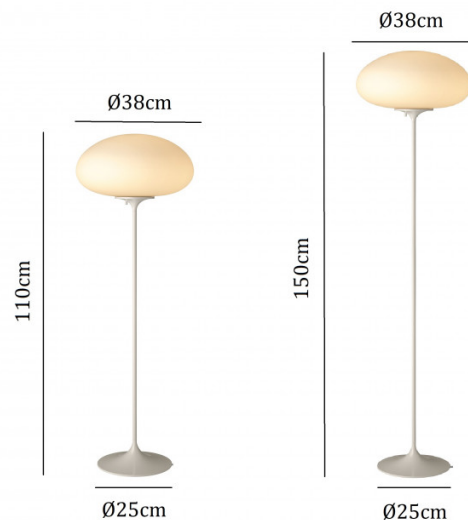

IP Code: 20

Dimming: Integrated dimmer on the product

Dimensions: 110cm:
Ø38cm shade
110cm height
Ø25cm base

150cm:
Ø38cm shade
150cm height
Ø25cm base

220m cable length
