PRODUCT DESCRIPTION

Designer: Michael Anastassiades

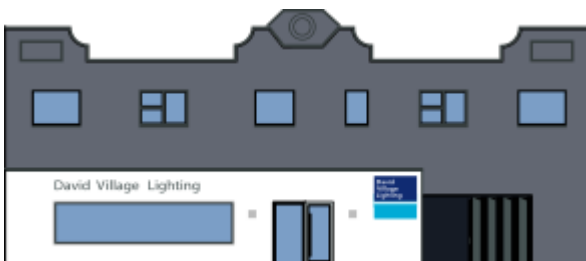

Coordinates LED Pendant Light by Flos

Designed by Michael Anastassiades, the Coordinates pendant light is part of the [Coordinates collection](#), a new 2020 range released exclusively by Flos. The pendant is characterised by horizontal and vertical lines, being a geometric spectacle that produces a warm and inviting glow.

The Coordinates pendant has an integrated LED light source which is dimmable and is concealed by the silicone diffuser. The pendant light is available in 2 versions, S1 and S2, which both have their own unique aesthetic. You can use alone in a small space, or use multiple of both versions to create a grid configuration which will draw the eye in bigger spaces. Available in a beautiful anodised champagne or argent finish to add a touch of elegance to any interior.
