PRODUCT DESCRIPTION

Designer: Tord Boontje

Sun-Light of Love by Foscarini

A total of 390 metal rays are attached onto the core structure of the Sun-Light of Love suspension. Similar to the sun, with its mystifying contours, the Sun-Light of Love has not beginning or end to it. The suspension takes an obscure form, resembling a floating sphere. It doesn't need to try to impress, as the light instantly becomes a decorative object, even when not in use.

Sun-Light of Love has a double light source, direct and indirect. The indirect has a low power LED source, emitting an upwards light that highlights its upper details. A stronger light is diffused downwards creating a warm atmosphere in any setting. The LED suspension is available in two colours, white or gold. Each colour sets a different tone; a precious spirit created by the gold, and a minimalist feeling by the white.

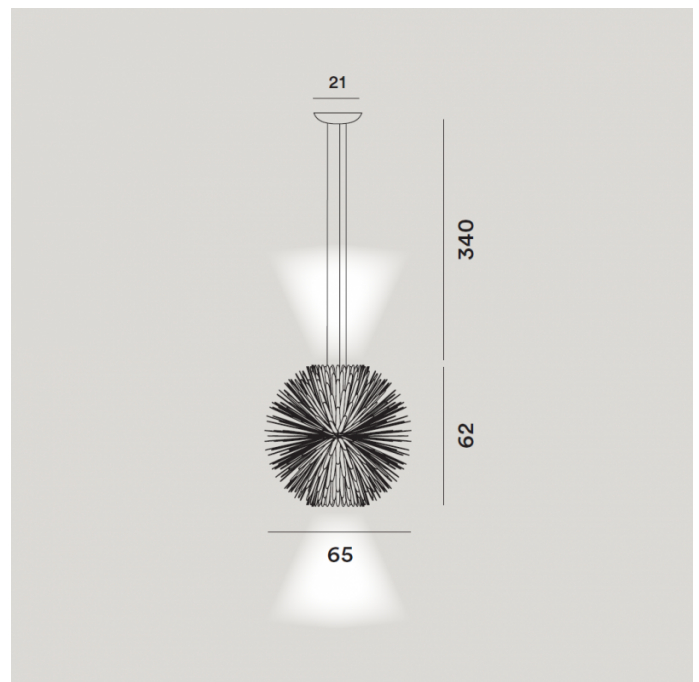

PRODUCT SPECIFICATION

Light Source: 26W + 9W, 2700K, 2520+723 lumens

IP Code: 20

Dimming: Non-dimmable

Dimensions: Ø 65 cm
62 cm height
Ø 21 cm ceiling canopy
340 cm drop height
