PRODUCT DESCRIPTION

Designer: TAF Studio

Rime Wall Lamp by Muuto

A part of the [Muuto Rime Collection](#), the Rime wall lamp was designed by TAF Studio and is a simplistic and elegant fixture. The shade is made from mouth blown glass and has soft lines that take its shape from the silhouette of an acorn. The designers wanted to create a timeless and subtle light that can be used in a wide variety of settings.

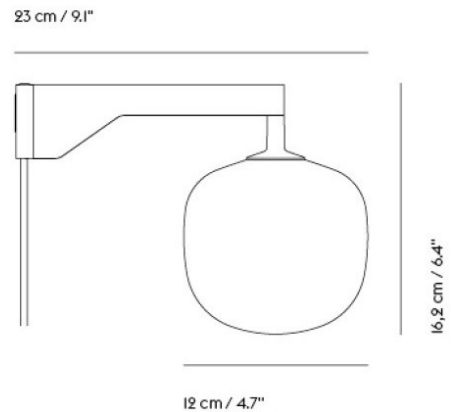

Available in a black, grey, orange or white metal finish, the Rime wall light can be used in homes and public spaces to add a touch of modernity whilst also embodying traditional design ideals. This wall lamp has a dimmer switch and a light bulb included so you can have a lasting glow that can be dimmed to create the perfect atmosphere for your space. A beautiful, graceful and chic design that will be a wonderful feature in any room.

This wall light comes with a cable and plug and so needs to be installed near a socket. Alternatively, you can hard wire the light into the wall with the help of a qualified electrician and with the correct safety requirements.
