PRODUCT DESCRIPTION

Designer: Diesel Creative Team

Fork Floor Lamp by Diesel Living with Lodes

A part of the [Diesel Living with Lodes Fork collection](#), the Fork floor lamp has an interesting and eye-catching aesthetic as a bent metal structure holds a linen cotton diffuser, reminiscent of a fork. The floor light is inspired by casual fashion and lifestyles, with the fabric lampshade resembling the canvas of a tent and having earthy colour tones.

The Fork floor light is available with either an **anthracite or ivory metal structure** paired with either a **grey or ivory diffuser**. The diffuser can also rotate around 360 degrees, so you can direct the light where needed. The shade also diffuses the light source, creating a warm ambience for your interior. Use in many spaces to create a natural and organic look, whether used in your lounge at home or used in your office at work.
