PRODUCT DESCRIPTION

Designer: Davide Oppizzi

Curiosity LED Portable Table Lamp by Artemide

Designed by Davide Oppizzi, the Curiosity table lamp is a portable light that can highlight objects and displays in an enticing way. The table lamp has a square frame and base which can hold objects, drawing the eye and bringing all towards it. The structure is aluminium, which is light, and can be carried around and placed exactly where you need it.

The Curiosity LED table light has a 3-step touch dimmer with the battery lasting 26 hours when set to the lowest light setting, and has a charger cable included in the purchase. The table light is available in black with a brown base, and in 2 sizes, the smaller 36 and the larger 45. The Curiosity portable light is perfect for homes, professional settings and hospitality sectors to utilise the space and to provide a dimmable spotlight for pieces and objects.
