PRODUCT DESCRIPTION

Designer: Luca Nichetto

Easy Peasy LED Portable Table
Lamp by Lodes

The Easy Peasy LED portable lamp was designed by Luca Nichetto and is full of character as it resembles doll-like figures with its curved and rounded lines. Made from multiple materials, each component contrasts and compliments with each other to bring a rechargeable table lamp that is playful. The base is made from metal with a white methacrylate diffuser which softens the integrated LED light source.

This diffuser is then surrounded by a bell-like glass lampshade with a coloured knob that sits on top which functions as the switch. The top switch allows you to dim the lamp going from a 2700K (warmest white) to a 3300K (warm white) colour temperature, so you can set the right tone in your interior. The Easy Peasy table light is also rechargeable and portable, with a charger cable included in the purchase and lasting for 6 hours when set to the highest light setting.

Available in 4 unique colour combinations, the chestnut and kelp finishes have a straighter and flatter glass shade, whilst the flamingo and lagoon finishes have a more curvaceous glass shade. This portable LED table light is modern, contemporary and innovative and is suitable for use in both homes and commercial settings!

PRODUCT SPECIFICATION

Light Source: 3W, 2700K-3300K, 380 lumens

IP Code: 20

Dimming: Integrated dimmer on the product

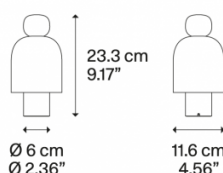

Dimensions: Chestnut & Kelp finishes:

- Ø6cm knob
