PRODUCT DESCRIPTION

Designer: BIG

Gople Portable LED Table Lamp by Artemide

The Gople LED table lamp is available as a portable version, a new release from the Artemide brand. Designed by BIG, the Gople portable lamp has a simplistic aesthetic with a nice white structure that warms up as the light source is turned on. The integrated LED source is long-lasting and energy efficient and allows for a soft, dimmable glow.

The Gople LED portable table light has a 3 step dimming system and can be charged using a USB-C charger cable to allow you to take the light around with you, wherever light is needed. The LED portable light has a 26 hour running time when not plugged in and on the lowest light setting, ensuring for a versatile and functional illumination. Use in many interiors, whether at home or in a professional space, as a handy and atmospheric lighting solution.
