PRODUCT DESCRIPTION

Designer: Bernhard Osann

Untitled LED Reading Floor Lamp
by Nemo Lighting

Designed by Bernhard Osann, the Untitled LED floor lamp is a flexible and functional light that can be used in many settings, whether at home or in the office. The floor lamp comes with an integrated LED light source which is dimmable so you can get the right light setting for your interior.

The Untitled reading floor light comes with the choice of 3 shades, with a cone, spot or linear shade available. Each lampshade gives a slightly different glow and aesthetic, so you can choose the best for your needs. Use primarily as a task or reading lamp, and use the flexible arms and shades to manipulate the light flow.
