Cherry LED Linear Pendant Light
by Petite Friture

Designed by Daniel To and Emma Aiston, the Cherry linear pendant is made up of 3 small Cherry pendants. The pendant light is characterised by its coned silhouette and interesting sphere which sits beneath. The sphere has a mirrored finish which looks metallic and creates a gorgeous colour finish that is reflective.

The Cherry linear pendant light is available in 4 colour combinations, black & rainbow, mint green & titanium, white & gold and brown red & rose gold. The 3 pendant linear lamp can be used in many settings thanks to its diffused and downward directed glow. The integrated LED light source also provides an efficient and long lasting illumination and the minimalist design makes this light a beautiful addition to any interior.
