PRODUCT DESCRIPTION

Designer: James Bartlett

Innermost Chelsea Pendant Light

Innermost Chelsea Pendant Light: Designed by James Bartlett, the Innermost Chelsea pendant light combines minimalist form with a nod to traditional teaware. Its silhouette, inspired by the classic "Chelsea" teacup shape, is crafted from spun aluminium and finished with contrasting matte colours on the exterior and a warm, gold interior. This unique combination creates a luxurious glow and an inviting atmosphere in any room. Each pendant gently emits light from its open top, illuminating the space with a soft halo effect.

The Chelsea collection offers three sizes, Chelsea 18, Chelsea 40, and Chelsea 56, making it suitable for any room size and arrangement style. Whether installed as a single pendant for focused lighting or as a cluster for a statement effect, the Chelsea pendant light is versatile for both residential and commercial settings. Its simple form, coupled with the rich gold detailing, makes it an ideal choice for dining tables, kitchens, and lounge areas where ambient, elegant lighting is desired.

Please Note: The interior of the Chelsea Pendants is RAL 1036 with a semi-gloss finish.
