Innermost Portobello Pendant Light

Portobello Pendant Light blends industrial functionality with modern minimalism, creating a bold yet versatile lighting solution. Crafted from spun aluminium, the lampshade has a familiar bell-like silhouette, updated with a glossy painted finish available in red, yellow, black, and white. This range of vibrant colours allows the Portobello pendant to serve as a statement piece in contemporary interiors, whether displayed solo or in clusters.

Designed for functional downlighting, the wide-diameter shade ensures ample illumination, making it perfect for use above dining tables, kitchen islands, or living spaces. The contrasting white interior of the shade enhances the diffusion of light, creating a soft yet effective glow that adds warmth and ambiance to its surroundings. Whether in residential settings, restaurants, or retail spaces, the Portobello pendant is an eye-catching choice that blends modern aesthetics with practical lighting design.
