Globe Burst LED Chandelier Light by Tom Dixon

A part of the astounding [Globe collection](#), the Globe Burst chandelier is made up of 12 Globe pendants which branch out from a central point. The chandelier light is inspired by Tom Dixon's interest in molecular structure and the space-age, being a beautiful and intriguing light that makes a statement in any room.

Each sphere of the Globe Burst chandelier light has a mirrored surface when turned off and when turned on reveals multiple internal reflections. The Globe Burst is available in 2 finishes, copper or silver, and is the perfect for solution for effective lighting for big spaces and high ceilings.

The integrated LED light engine is replaceable. This can only be sourced via Tom Dixon. Please contact us for details
