PRODUCT DESCRIPTION

Designer: Omer Arbel

84.9 Linear Pendant Light by Bocci

The 84.9 linear pendant is made up of 9 84 Series pendants as part of the beautiful [Bocci 84 Series](#). The shade is made from blown glass with each pendant having a unique shape and aesthetic because of the special technique used to create them. A white glass globe is put inside of a copper mesh which is then immersed into hot clear glass, pushing the white glass through the mesh. What results is an ethereal and pillowed lampshade that is stunning and striking, boasting hues of yellow, orange and pink.

The 84 Series 9 linear pendant lamp is perfect as both a decorative and functional light fixture, providing an effective and warming glow. The shape of the linear pendant light is also wonderful for hanging over tables and surfaces in both homes and professional settings. The cables are also adjustable so you can create the right aesthetic for your interior and comes with included light bulbs with the choice between a Xenon 10W light bulb or an LED 1W light bulb.

Please Note: All Bocci Suspension Lights come with a white ceiling canopy as standard. Other finishes are available, please [contact us](#) for more information and pricing.
