PRODUCT DESCRIPTION

Designer: Michael Anastassiades

Captain Flint Outdoor LED Wall Light by Flos

The Captain Flint outdoor wall lamp is part of the [Flos Captain Flint collection](#), a range defined by simple and geometric lines. The structure is made from a straight rod that holds the lampshade, seemingly dangling it in mid-air. The shade has a lovely coned shape that allows the light flow to spread evenly and glow downwards, being an inviting and warm illumination.

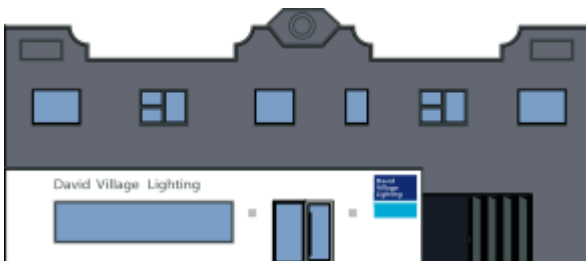

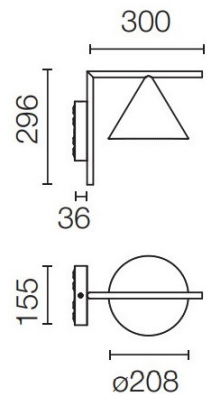

The Captain Flint LED wall lamp is suitable for outdoor use, being wonderful in gardens, terraces, patios, doorways and many more for a perfect lighting solution. You can choose from 5 different colours and the integrated LED is available in 3 colour temperatures, 2700K (warmest white), 3000K (warm white) and 4000K (cool white).
