PRODUCT DESCRIPTION

Designer: Tom Dixon

Beat Fat LED Pendant by Tom Dixon

We currently have limited stock of one of these items in our [Clearance section](#).

Recognised in various places, restaurants, homes and hotels all over the world, the Beat lights are now available with an integrated LED light source. Inspired by traditional Indian water vessels, chosen for their simplicity, the Beat lights were born. You can hang them individually or as a group of multiples to create your own statement.

The Beat Fat LED pendant provides a direct downlight and is available in black/brass, white/brass or all brass finish. The pendant hangs from a 2.5m long black cable, which allows you to place the pendant as low or as high as you desire. To install multiples Beat lights from a single canopy, please [contact us](#) for more information and pricing.

Explore the full Tom Dixon [Beat light collection](#), which includes other pendants, a table, a floor and a wall light.

Please note, that the LED ring is non-replaceable
