PRODUCT DESCRIPTION

Designer: Antonio Citterio

Flos Mile Washer Up LED Outdoor Wall Light

A part of the [Flos Mile collection](#), the Mile washer up wall light was designed by Antonio Citterio. The wall light is characterised by an angular, cuboid shape that is stylish and minimalist. The LED wall lamp emits an upwards glow that is inviting and effective, being useful in a wide variety of settings. The IP65 rating also means that the light can be used in exteriors and interiors as a handy lighting solution.

The Mile washer up wall lamp has an integrated LED light source and you can also choose between 7 colour finishes, deep brown, forest green, white, black, grey, primer, anthracite or grey. The primer finish allows you to paint the wall lamp whatever colour you like, so you can blend it into the surroundings or create a contrasting aesthetic. Also choose between two sizes, the smaller Mile 1 or the larger Mile 2, for the perfect fit.
