PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

In Vitro LED Outdoor Pendant Light by Flos

The In Vitro outdoor pendant lamp was designed by Philippe Starck as part of the [Flos In Vitro collection](#). With an IP rating of 65, this pendant can be used in exteriors and interiors and emits a lovely, inviting glow. The lampshade is made from aluminium with a glass diffuser that protects the integrated LED light source, which is available in two colour temperatures, 2700K (warmest white) or 3000K (warm white).

The In Vitro LED pendant light has a minimalist and stylish design and is available in 7 colours, white, deep brown, terracotta, forest green, black, pale green or anthracite. You can use alone for smaller spaces or in multiple in larger spaces for effective and useful illumination.

This suspension is available in a dimmable version upon request. Please [contact us](#) for more info.
