PRODUCT DESCRIPTION

Designer: Philippe Starck & Eugeni Quitllet

In Vitro LED Outdoor Unplugged Light by Flos

The latest addition to the [Flos In Vitro collection](#) by Philippe Starck, the In Vitro Unplugged is a portable lamp this is suitable for both indoor and outdoor use. The structure is made from aluminium with a glass diffuser that creates an ambient glow, and also is equipped with handle so that you can easily carry the light to wherever you need. The lamp also comes with an LED light source which is available with either a 2700K (warmest white) or 3000K (warm white) colour temperature.

The In Vitro Unplugged lamp comes with an optical switch sensor with a 4-step dimmer so you can create the right atmosphere for your needs. The lamp also comes in 7 colour finishes, white, anthracite, black, forest green, terracotta, deep brown or pale green and is equipped with a charger cable to ensure for 6 hours of battery life. The versatility and minimalist design of the Unplugged makes it a wonderful choice for many settings and will prove very handy in and around your home or professional space.
