Tripod HM9 Table Lamp by &Tradition

Expanding upon the [Tripod floor](#) design, &Tradition released a table lamp version that retains all the classic style of the original designers, Hvidt & Mølgaard. The Tripod Table Lamp has a sleek silhouette, with slim arms that make up the structure of the lamp and a shade with angular lines.

The Tripod HM9 table light emits a downward-directed glow and works perfectly on desks, tables and side tables for functional illumination. The minimalist design of the lamp and the sleek black finish make this light a perfect choice for many settings. An evolution in 2024 means the &Tradition Tripod Table Lamp now boasts an adjustable head, for easy articulation and a more precise light, a swivel joint has been developed, allowing you to focus the illumination wherever it is most needed.
