PRODUCT DESCRIPTION

Designer: Michele De Lucchi & Gerhard Reichert

Artemide Logico Suspension 3-in-linea

As its name states, the three Logico glass diffusers positioned one next each other in a line. A different composition of the classic now blown-glass diffuser of the Logico design. The diffuser is made using a mold positioned upside down and then adding three consecutive layers; crystal, silk and crystal again. The glass shade has a biomorphic shape, resembling that of a flower.

Designers Michelle De Lucchi and Gerhard Reichert were awarded the Red Dot Design Award for the Logico Single suspension. Their design, combined with Artemide's know-how, created this impressive silk-like effect on the glass diffuser. The effect is even visible when the light is not switched on.

Logico 3 in Linea is part of the Logico collection which also includes other suspension lights, ceiling and wall lights and a table lamp. The sophisticated design of the Logico lights allow you to combine and create your own compositions for an, even more, astonishing effect.

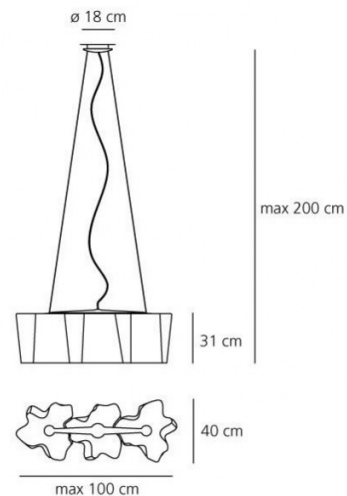

PRODUCT SPECIFICATION

Light Source: 3 x 15W E27 LED DIM (excluded)

IP Code: 20

Dimming: Dimmable via mains phase dimming.

Dimensions: max 100 cm shade width
40 cm shade height
max 200 cm drop
