Foscarini Caboche Ceiling Light

EX-DISPLAY IN GREAT CONDITION.  
DISCONTINUED VERSION.  
1 x Transparent Available.

The Caboche ceiling lamp by Foscarini is a mosaic of bright and rich refractions, embellishing any room with its extraordinary lighting effect. Described as a “bracelet of sparkling transparent pearls”, when turned on the light diffuses from inside the sphere’s light bright crystals, bathing interiors in reflective jewel-like light.

Composed of 162 transparent polymethylmetacrylate spheres, the Caboche ceiling light transforms light into a sparkling composition of transparent spheres: a design gem resulting from an amalgam of technology and creativity.
