Pirce Ceiling Suspension by Artemide

This sculptural and contemporary design by Giuseppe Maurizio Scutellà for Artemide, this is the original suspension version of Pirce light, an extension to the existing Pirce range. Opening out of a slim disk are fluttering spirals, which fall gently downwards, creating magical effects of form and light in flowing twirls.

In the Pirce Suspension the lamp itself is placed in the lower dish of the light casting illumination upwards to give indirect light emission making this light by Artemide not only a special light source but also a unique piece of ceiling art. This Pirce Suspension is the original full size version of Artemide's Pirce light. Its more impactful size makes it ideal for large feature spaces in residential or commercial settings alike as it provides a bold and exciting centerpiece.

Lamp excluded.

Pirce Suspension is also available in two smaller sizes and as a ceiling and wall light. Most options are also available with an integrated LED light source. See the rest of Artemide's [Pirce Collection](#).
