Splügen Brau Pendant Light by Flos

The Splügen Brau pendant light from Flos is a suspension providing direct light. Designed by brothers Achille and Pier Giacomo Castiglioni in 1960, the Splügen Brau pendant was originally designed for the Splügen Bräu Bar, an interior design icon in Milan where everyone seemed like a leading character.

The spun aluminium reflector is indicative of the time period, and the beehive form makes the pendant vibrantly charming. The timeless Splügen Brau pendant lamp comes complete with a steel ceiling fitting and white gloss finished canopy, perfect for use in a kitchen or general living area.
