PRODUCT DESCRIPTION

Designer: Patricia Urquiola

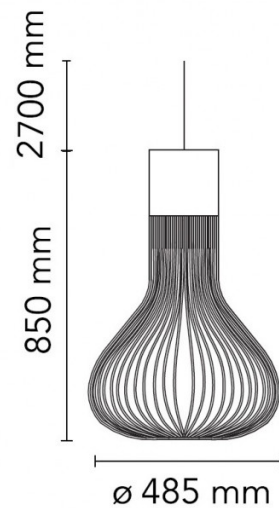

Chasen Pendant Light by Flos

The Chasen pendant light, designed by Patricia Urquiola, is an eye catching, contemporary suspension providing diffused light through an expertly designed borosilicate diffuser, filling a room with a presence of muted luminescence. The light emission from the Chasen pendant can be adjusted by means of a mechanical movement which opens the louvres, thereby varying the shape of the luminaire and adjusting light output.

Available in white or black, this pendant lamp can give various luminous effects through the positioning of the plates by turning a serrated roller located on the ring at the top of the lampshade. You can stretch the plates or on the contrary, fold them to differentiate light output.

PRODUCT SPECIFICATION

- Light Source:** 1 x max 16W LED E27 (excluded)
- IP Code:** 20
- Dimming:** Dimmable via mains phase dimming
- Dimensions:** Ø48.5cm  
85cm height
