Tab LED Floor Lamp by Flos

With a strikingly modern silhouette, the Tab floor lamp, by designers Edward Barber and Jay Osgerby, is an LED light providing adjustable illumination. Minimally styled, the Tab floor light has a distinctive folded shade which evenly distributes light emission and has a movable neck to allow for angled illumination. The lamp's rotatable head allows you to adjust the light by ± 90° on the horizontal axis.

Providing direct light, this floor lamp combines clean lines, modern design and high functionality and comes in a choice of four colours; matt blue, matt dark green, glossy white and glossy black. The Tab collection also includes a [table lamp](#).
