Melampo Table Lamp by Artemide

Adrien Gardere's Melampo Table Lamp design was awarded the Red Dot Design Award and the Observeur Design Award in 2001. It might look deceptively simple, but the Melampo lights are from it. With an adjustable shade, the Melampo Table has a multi functional shade allowing you to adjust in three different positions and direct the light as you need.

The collection also includes the smaller night table, Melampo Notte which is the perfect solution if you wish to have a Melampo table lamp in your bedroom, on the nightstand. Both Melampo lamps are available in two colour options - a grey structure and diffuser or a bronze structure with a neutral diffuser.
