**Foscarini Gregg Ceiling / Wall Light**

Part of the [Foscarini Gregg Collection](#) and designed by Ludovica and Roberto Palomba, the Gregg Wall or Ceiling Light is a versatile and gorgeous light. Resembling the shape of a pebble, its organic and curious shape makes this wall/ceiling light a unique and much-needed purchase. The shade is made from blown glass, concealing the light source to provide an overall illumination that is glare-free and soft.

Available in three sizes, mini, small or medium, the Gregg Ceiling/Wall Light can be used in a wide variety of settings, in corridors, hallways, bedrooms or lounges. This minimalistic lighting solution is a decorative and functional piece, whether on or off and will look beautiful everywhere in both homes and commercial spaces.
