PRODUCT DESCRIPTION

Designer: Piero Lissoni

Kartell Lizz Chair

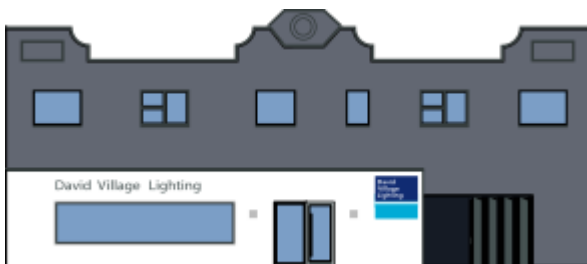

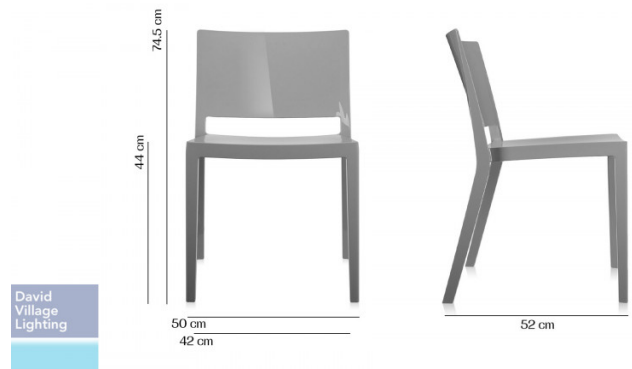

With a streamlined design, the Lizz chair represents the minimalist and stylish style of Piero Lissoni, the designer. The Lizz is made in a single piece of mass tinted technopolymer using gas blowing technology. The material makes the chair indestructible, scratch free and suitable to use in all weather settings. The chair, although named after the famed movie star Liz Taylor, has had its name slightly altered and so have its dimensions. The design principles of the Lizz rely on square shapes, with a wide set and back rest.

The Lizz is available in 8 colours with glossy and matt options in white, black, orange or grey. The chair is a colourful choice to use around your dining table, the bedroom, the living room or in the garden. The Lizz is suggested for both private and commercial settings.

Please note that due to the packaging process, Lizz Chairs must be ordered in pairs.
