PRODUCT DESCRIPTION

Designer: Vico Magistretti

Kartell Maui Chair

A versatile chair, practical and sophisticated, the Maui chair was design by Vico Magistretti for Kartell. The Maui is extremely practical, stackable and suitable for both private and commercial settings. The chair comes in a vast choice of colours to pick from, allowing you to match the chair with your interior decoration. You can stack the Maui chair from up seven high in order to save up space and store them.

As a tribute to Vico Magistretti, who spent years as a furniture designer and architect earning numerous awards, Kartell also launched the [Maui Soft](#) in 2013. The Maui Soft is the fabric covered version of the classic Maui chair.

Depending on the use, Maui chairs can be paired and tied together by using a simple rear hook, sold separately. Maui chairs are also available with matching colour armrests, or with a folding tablet arm in black. For more information and pricings, please [contact us](#).

Please note that due to the packaging process, Maui Chairs must be ordered in pairs of the same colour.

PRODUCT SPECIFICATION
