PRODUCT DESCRIPTION

Designer: Verner Panton

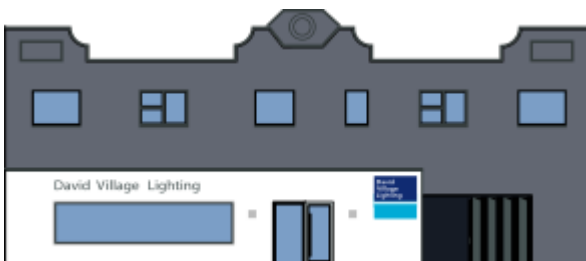

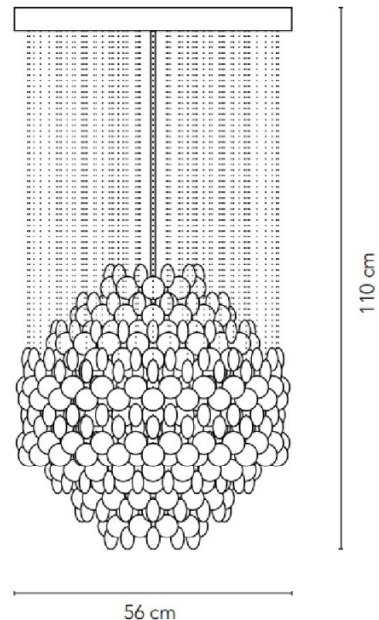

Verpan Fun 4DM Suspension

The Verpan Fun 4DM Suspension light features a cluster of seashell discs that together form a shade which, due to the natural material of the seashells, beautifully diffuses light into a room. This intricate ceiling lamp is part of the classic collection designed by Verner Panton in 1964 which is now considered one of Panton's masterpieces.

The iconic use of the seashell discs not only plays with the light but also interacts with its surroundings. As air is set in motion around the shade, the delicate seashell discs create an exquisite sound as they chime against one another. This feature of the Verpan Fun 4DM Suspension ceiling lamp has become iconic and highly identifiable with the Verpan brand.

PRODUCT SPECIFICATION

- Light Source:** 1 x max 60W E27 (excluded)
- IP Code:** 20
- Dimming:** Dimmable via mains phase dimming
- Dimensions:** Ø56 cm
110cm Height
