Verpan Fun-2TM Table Lamp

The Verpan Fun-2TM Table Lamp is a part of the iconic Verner Panton FUN collection which is considered Pantan's greatest masterpieces. Pantan's enthusiasm for new materials and discovering new ways to approach a product is demonstrated here in this classic desk lamp.

Verner Pantan, inspired by a trip to Malaysia, uses delicately strung seashell discs as the main feature of this lamp. This unique material naturally diffuses light whilst highlighting the intricate detail on each individual seashell disc. The table lamp is also available in two finishes which are brass and chrome. Both of these finishes compliment the seashell beautifully and add a touch of elegance to the lamp.
