PRODUCT DESCRIPTION

Designer: Jasper Morrison

Glo-Ball Mini Table lamp by Flos

The Glo-Ball Mini table lamp is the smallest version of the Glo-Ball table lamps, designed by Jasper Morrison for Flos. This table lamp is made from an opal glass spherical shade that nicely diffuses the light to produce a nice, warm glow. The minimalist and simplistic design makes this light both functional and contemporary, seamlessly being able to slip into many settings.

The Glo-Ball Mini table light can fit perfectly anywhere in your home, being small enough to fit on shelves, small tables and window sills. This table light can be used on coffee tables, bedside tables or be used to decorate your bookcase or your entrance hall furniture. Wonderful for homes and commercial settings, the Glo-ball table lamp is available in larger sizes for bigger spaces which can be selected from the [Flos Glo-Ball collection](#) page.
