PRODUCT DESCRIPTION

Designer: Marc Sadler

Twiggy Ceiling Suspension Light by Foscarini

The Twiggy ceiling light is part of the sophisticated [Foscarini Twiggy collection](#) by Marc Sadler. Boasting true functionality, the ceiling model is the maximum expression of flexibility by swivelling round 330°, which makes it is an optimal solution for decentralising a light source. The inner diffuser means the light source is concealed, allowing for a bright and warm illumination. The bent arm and smooth lampshade make this ceiling light both contemporary and chic, perfect for many settings.

The Twiggy ceiling lamp is available in a black or white finish so you can get the right colour to match your interior design. Its mobility and design make it wonderful for kitchens, lounges and many more and can be used to produce ambience or as a handy reading/task light.
